The Morton County LEC would like to thank everyone who helped out with the “mock disaster drill” at the Elkhart High School on March 24<sup>th</sup>. This is a good opportunity for all county emergency responders to prepare themselves and better prepare their departments in the case of an actual event.

During the week of March 22-26<sup>th</sup> and on March 29<sup>th</sup> the LEC had two students from the Elkhart High School participating in job shadowing. The students got a good look at what all happens at the LEC and during calls for service. We enjoyed having them and hope they learned a lot!
